

ATTRACTIVE GOODS—M. GUTMAN & CO.

ATTRACTIVE GOODS!

COUPLED WITH **Attractive Prices!**

Is a combination usually irresistible. When we took stock January 1, we pushed profits aside and surrendered our store to the profit of our patrons. At every counter you stand before special values at special prices—that are passing privileges—quickly passing too. If you've delayed getting a Suit, or an Overcoat, until the prices went down, don't wait any longer; they are lower now than they have been for the last thirty years. We are able to make a bargain with you now, greatly to your own advantage.

M. E. Church Extension.

This afternoon at half-past one o'clock the West Virginia conference board of church extension will hold a meeting in the Fourth street M. E. church. The board holds these meetings at different times during the year and the business to be transacted will be the appropriation of funds for poor churches throughout the state. The meeting today will be one of the most important meetings ever held by the board and fully half a dozen calls for aid will be attended to. Among the ministers who will be present are: Rev. C. B. Graham, presiding elder of the Charleston district; Rev. D. L. Ash, of the

Morgantown district; Rev. J. H. Hess, of the Buckhannon district, and other presiding elders. Besides there will be a large number of the clergy from over the state. Several new churches are being built and will come in for a share of the general funds.

A SUCCESSFUL START.

The Buckeye Glass Works Began Work in Earnest Yesterday.

A successful start was made at the Buckeye glass works yesterday morning with non-union men. The factory proper presented a busier scene than any time since June, 1893. Several shops were in operation all day at the middle furnace, and everything seemed to be working as well as could be expected. The usual line of ware was turned out and is said to compare favorably with the ware formerly made there.

The management say that the start yesterday was as satisfactory as could be expected under the circumstances and they seemed to be satisfied with the way things moved along. One gentleman who has been connected with a glass factory for many years in various capacities was in town yesterday, visited the factory and told the INTELLIGENCER man that the men were turning out plenty of good ware and that he considered the start a success. A little work was done Friday and Saturday, but yesterday the men got down to it in earnest, made two full turns, and it is understood that several of them made a big day's work, considering that it was the first full day for some time.

One of the officials was asked yesterday as to what wages the men would earn and while he declined to go into details said all of the employees would make good wages. Preparations are now going on for the resumption of work in the different departments.

James Lang and William Keller yesterday plead guilty to throwing stones at Henry Johnson, a non-union man, on Friday, and were each fined \$3 and costs. Their fines were paid by the union.

Buying Coal Land.

Much coal land is being purchased north of Short Creek between Warrenton and Smithfield and west of the latter place for New York parties by R. G. Richards, of Staubenville. It is said that something like 10,000 acres have already been bought. The price is \$32 per acre, \$7 cash and the remainder to be paid in three annual payments. This is on the line of the projected railroad from Burghols and Wheeling and on east, and it is supposed that the parties who will build the road are the purchasers.
